WALDPORT CITY COUNCIL
AUGUST 13, 2020
MEETING MINUTES

1
2
3
4
5 1. CALL TO ORDER AND ROLL CALL: Acting Mayor Woodruff called the meeting to
6 order at 2:00 p.m. Mayor Woodruff and Councilors Virtue, Dunn, Holland and Campbell
7 answered the roll. A quorum was present.

8
9 2. MINUTES: The Council considered the minutes from the July 9, 2020 Council meeting.
10 Councilor Holland moved to approve the minutes as presented. Councilor Dunn seconded,
11 and the motion carried unanimously.

12
13 3. CITIZEN COMMENTS: City Recorder Eckerman read a letter from Eva Bortnick, Teresa
14 Sperry and Susan Greenough regarding concerns about potential health effects due to the
15 prevalence of electromagnetic radiation. No action was taken.

16
17 4. PRESENTATIONS: Contract Planner Holly Hamilton introduced herself to the Council.

18
19 5. DISCUSSION/ACTION ITEMS:

20 A. Phase 2 and City Buildings:

21 1) Library: City Manager Cutter noted that the County was presently looking at
22 August 24 as the date for moving to Phase 2. The Library has drafted a program plan in
23 anticipation of reopening to the public, with a target date of September 24th. Following
24 review and discussion of the plan, Councilor Campbell moved to approve, Councilor Dunn
25 seconded, and the motion carried unanimously.

26 2) Community Center: City Manager Cutter indicated that opening the Community
27 Center presented a few more difficulties. The Center is currently being utilized by the
28 COG's Meals on Wheels program for their meal deliveries, which was a critical service.
29 There's no available staffing or the ability to monitor the facility if it is opened for other
30 purposes. There are also some specific repairs which need to be completed prior to
31 opening, but obtaining the services of a contractor is also proving to be a challenge. Mr.

1 Cutter added that he was also examining potential revenue sources to maintain the Center.

2 B. Short-term Rentals:

3 1) Code Amendment Suggestions: City Manager Cutter indicated that staff would
4 be working on a proposed ordinance to implement some suggested best practices changes
5 to the transient rental code. This will be presented to the Council at the next meeting for
6 review and discussion.

7 2) Granicus Agreement: Mr. Cutter reported that he, the Mayor Pro Tem and the
8 Council President had attended a seminar provided by Granicus, a short-term rental
9 assessment and monitoring company. The company had provided statistical information
10 and some suggested best practices, and Mr. Cutter had successfully negotiated a
11 reduction in the initial fee for services. The cost of the service was anticipated to be
12 covered by additional room tax fees generated by the company's sophisticated compliance
13 monitoring, and Mr. Cutter added that it may also be possible to utilize some COVID
14 funding for the first year. The contract also includes a money back guarantee if the City
15 finds that the value of the service does not meet expectations. Acting Mayor Woodruff
16 noted that proper management may avert potential problems, and Councilor Holland added
17 that he had been following the company for several years with the idea that this may be
18 suitable for the City, so he wholeheartedly endorsed the proposal. Following further
19 discussion, Councilor Virtue moved to authorize City Manager Cutter to proceed, and to
20 review the contract in six months to determine its efficacy. Councilor Holland seconded.
21 Jamie Michel from Sweet Homes Rentals suggested the Council might also wish to review
22 LodgingRevs, which is the company engaged by the City of Newport. Mr. Cutter responded
23 that he had researched several options before making the recommendation for Granicus,
24 and noted that the company specialized in citizen engagement technology, so there may
25 be other modules that could prove useful to the City. The motion carried unanimously.

26 3) Leak Detection and System Proposal: Mr. Cutter clarified that the warranty on the
27 leak detection system reviewed in his staff memo was actually 10 years, not 20, which had
28 an effect on the cost estimates. The City had recently engaged a leak detection company
29 to assist in tracking down what proved to be three major leaks in our system. However,
30 overall, the company indicated that the City's system is fairly tight. Installation of a

1 permanent leak detection system as part of the meter replacement project is an option, and
2 would allow the City to be proactive in maintenance, but Mr. Cutter noted that the cost may
3 outweigh the benefit, given the reduction in the warranted age of the system. Discussion
4 ensued regarding the benefits of a permanent system vs an annual leak detection service.
5 Further information will be provided at the next Council meeting.

6 4) Safe Routes to Schools: Mr. Cutter reported that the grant application was due
7 in the next few weeks. The proposal was to put the sidewalk on the east side of Crestline
8 Drive from Range Drive to the school, along with some additional traffic control near the
9 school to allow for safe crossing. Staff was asking for a Council vote of affirmation for the
10 application, and support to move forward with the process. Councilor Holland made the
11 motion to proceed. Councilor Campbell seconded, and the motion carried unanimously.

12 5) Water Shutoffs and Support Program: Mr. Cutter explained that there were
13 currently about fifty accounts that were in arrears, and though the City wished to be
14 respectful of the financial hardship presented by the current health crisis, the concern was
15 that these bills continue to accrue. Following discussion, Councilor Campbell moved to
16 notify customers that they had until January 1 to either pay in full or arrange a satisfactory
17 payment plan. Councilor Dunn seconded, and the motion carried unanimously. Water
18 shutoffs will not occur until after that date. Consensus of the Council was to continue
19 deferring late charges as well.

20 With regard to water leaks and the financial impact that a large leak can have on a
21 household, staff suggested that the Council consider a program that would allow for one
22 annual water adjustment to be made for an account that experiences high usage due to
23 a leak. The repair would need to be verified by Public Works, and the adjustment would
24 not be applicable to situations where the excessive usage was due to circumstances such
25 as leaving a hose on, or filling a pool, though payment options will still be available. Mr.
26 Cutter noted that an annual accounting of the forgiveness would be provided to the
27 Council, and may help to inform the eventual decision regarding implementation of the
28 AMI capabilities of the new meter system. Following discussion, consensus was to have
29 staff provide a resolution for consideration at the next Council meeting.

30

1 6. COMMITTEE REPORTS - Parks and Trails: The report was included in the packet
2 materials. No action was necessary.

3
4 7. CITY MANAGER'S REPORT: Mr. Cutter reviewed his written report, noting that ODOT
5 has finally completed the process for the transfer of the Interpretive Center. Councilor
6 Holland moved to accept the building, Acting Mayor Woodruff seconded, and the motion
7 carried unanimously. Mr. Cutter indicated that the building will be inspected, and mentioned
8 that Urban Renewal #1 funds could be used to help pay for any necessary repairs. Under
9 item #8 of the report, Mr. Cutter explained his suggestion for the Council to consider a
10 foundation program for the City, which could provide a long-term fund for programs and
11 facilities through the use of citizen bequeathments. He noted that similar programs are in
12 place in many communities. Following a brief discussion, Councilor Campbell moved to
13 initiate the program. Councilor Holland seconded, and the motion carried unanimously.
14 Oregon Coast Community College has asked that the City consider sponsoring Leadership
15 Lincoln applicants from the area, similar to the small business sponsorship program that
16 has been funded by Urban Renewal. Following discussion, consensus of the Council was
17 to wait on any action. With regard to code compliance, Mr. Cutter noted that he was still
18 working with the property owner on Virginia Place regarding removal of a downed tree. He
19 suggested the Council consider opening the Community Center parking lot for food trucks
20 to rent space, as it could be a source of revenue for the Center. No action was taken.
21 Councilor Holland noted that there had been a request for an additional trash can in the
22 area of the Post Office. He moved to have the City install a can at the location. The motion
23 died for lack of a second. Mr. Cutter indicated that he will review the current trash can
24 locations and draft a more comprehensive plan for consideration.

25
26 8. ADDITIONAL PUBLIC COMMENTS: Representing the Beachcomber Days Committee,
27 Erich and Wendy Knudson provided an update on the Wednesday Market, noting that they
28 had started with 11 vendors the first week, and were now up to 17 vendors in the third
29 week. People were following the social distancing requirements and the vendors seem
30 pleased with the customer traffic.

1 9. COUNCIL COMMENTS AND CONCERNS: Councilor Virtue mentioned an interest in
2 developing a civic participation course with either the School District or Oregon Coast
3 Community College to encourage students to become involved with local government.
4

5 10. EXECUTIVE SESSION: At 4:26 p.m., the Council adjourned to Executive Session
6 pursuant to ORS 192.660(2)(e) and (h). The topics of discussion were potential land
7 acquisition and an update on the water tank litigation.

8 The Council reconvened in Open Session at 5:01 p.m.
9

10 11. ACTIONS, IF ANY, FROM EXECUTIVE SESSION: None.
11

12 12. ADJOURNMENT: At 5:02 p.m., there being no further business to come before the
13 Council, the meeting was adjourned.

By seeking help, people who experience mental and/or substance use disorders can embark on a new path toward improved health and overall wellness. The focus of **National Recovery Month** this September is to celebrate their journey with the theme *Join the Voices for Recovery: Celebrating Connections*. **Recovery Month** spreads the message that behavioral health is essential to health and one's overall wellness, and that prevention works, treatment is effective, and people recover; and

WHEREAS, the impact of mental and/or substance use disorders is apparent in our local community. Nationally, someone diagnosed with a mental illness has an average life expectancy 25 years shorter than those without mental illness. 60% of those deaths are due to medical conditions such as cardiovascular disease, diabetes, respiratory diseases and infectious illnesses; 40% are due to suicide and injury. CITY COUNCIL MEETING AGENDA COVER SHEET FOR DISCUSSION / ACTION

TITLE OF ISSUE: COVID Response - Phase 2 discussion

FOR MEETING DATE: Sept 10th, 2020

SUMMARY OF ISSUE:

At the August 31st, 2020 County Commissioner Meeting, the date of the Phase 2 was postponed due to concerns til September 29th, 2020.

As such, we have adjusted our plans for the Library opening until Oct 12th. No other major changes are anticipated, as unlike most cities, City Hall is operating normally. The Community Center is and will still be closed until a later date at which point we feel that we can staff/support the necessary measures.

STAFF RECOMMENDATION or ACTION REQUESTED:

No action is requested. This agenda item will remain each month to give an opportunity for the Council to discuss and provide any guidance they would wish towards City operations.

CITY COUNCIL MEETING AGENDA COVER SHEET FOR DISCUSSION / ACTION

TITLE OF ISSUE: STR Code amendment suggestions

FOR MEETING DATE: Sept 10th, 2020

SUMMARY OF ISSUE:

Per the previous discussion, staff has provided a list of desirable code amendments which will allow and dovetail into our new efforts in enforcement with Granicus.

STAFF RECOMMENDATION or ACTION REQUESTED:

Staff requests that the Council discuss, and move to direct us to come back with the ordinance changes at the October meeting adopting these changes decided upon today.

Best practices for Short Term Rental adoption

In consideration of the short term rental administration, here are some commonly used restrictions and requirements for discussion. Upon selection, we will bring back the necessary ordinances and resolutions to the next Council Meeting.

1. Adopt a business license specific to rental properties of ~ \$150/yr.
2. Require that they provide for trash service while they have a license and that service be adequate to handle trash generated (i.e. violation for excess trash in bins overflowing)
3. Require that they have listed on file a contact number for a 24/7 local coverage person who could respond within 2 hours to issue or complaint.
4. Require adequate off street parking for each bedroom, or additional user fee for parking in right of way. Require vehicles to be registered and tracked by vacation rental owner. (pass through charge to renters)
5. Require submittal of a yearly affidavit of rental history (Frequency, duration, nightly rate)
6. Require set 'Quiet hours' to be posted, and fines for non-compliance.
7. Adopt language on the number of guests per bedroom of the facility
8. Adopt a series of strikes or fines for violations of the code, and processes for enforcement, assessments and collection. And potentially, the revocation of the license and ability to rent the property.
9. Prohibit fireworks or other disruptive activities from the property.
10. Require all rentals to provide a written guidance on the local rules, and a confirmation of receipt from their renters.

Finally, we will include a couple of minor fixes to the current code which will bring it in line with this guidance and allow for consideration of the online administration system being put into place.

Not all of these need to be implemented. These represent common industry best practices guidance for the Council to review and recommend more formal language be developed for the next meeting.

CITY COUNCIL MEETING AGENDA COVER SHEET FOR DISCUSSION / ACTION

TITLE OF ISSUE: Utility Billing Adjustment Program

FOR MEETING DATE: Sept 10th, 2020

SUMMARY OF ISSUE:

At the last Council meeting, staff was directed to present a resolution to the Council for adoption of leak adjustment policy changes at this meeting. To accomplish this goal, it was necessary to draft an ordinance to amend existing code language, and then a resolution to implement the program. This program will allow a once per year reduction to average usage on the authority of the CM upon the recommendation of staff for users experiencing an unexpected water leak event. It also provides latitude for the CM to make further adjustments to a user's water and sewer billings downward for the good of the City under extenuating circumstances. Finally, it directs the recording and reporting of these actions yearly to the Council.

STAFF RECOMMENDATION or ACTION REQUESTED:

Staff recommends the approval of both the ordinance and the resolution provided, after discussion and/or modification.

The City of Waldport recognizes that there are certain circumstances under which adjustments need to be made to user charges, due to leaks, meter malfunction, misreading, data entry or program errors, natural occurrences, and similar situations. If the adjustment is not deemed to be satisfactory, the customer may appeal the adjustment to the City Council at its next regularly scheduled meeting. **The City Manager may modify the prescribed adjustments as needed on a case by case basis for the good of the City. All adjustments under this policy will be tracked and reported to the Council at least yearly.**

Water Leak Adjustment. Adjustments on account of underground leaks may be made pursuant to Section ~~13.04.300(B)(5)~~ of the Waldport Municipal Code **once a year upon verification of a leak or hazard outside of the homeowner's control, and confirmation of repair. For additional issues within a year or for issues not covered by the previous description, the amount may be brought to the City Manager for potential reduction consideration.** The customer may apply for a payment agreement to pay off the remaining amount. This payment agreement needs to be signed by the customer and the property owner or duly appointed representative. The payment agreement will allow the excess water charges to be paid in up to twelve installments.

Councilors shall be expected to use restraint and be considerate of the meeting time of the council when exercising this option. The presiding officer may intervene if a councilor is violating the spirit of this guideline.

CITY COUNCIL MEETING AGENDA COVER SHEET FOR DISCUSSION / ACTION

TITLE OF ISSUE: Trash Plan

FOR MEETING DATE: Sept 10th, 2020

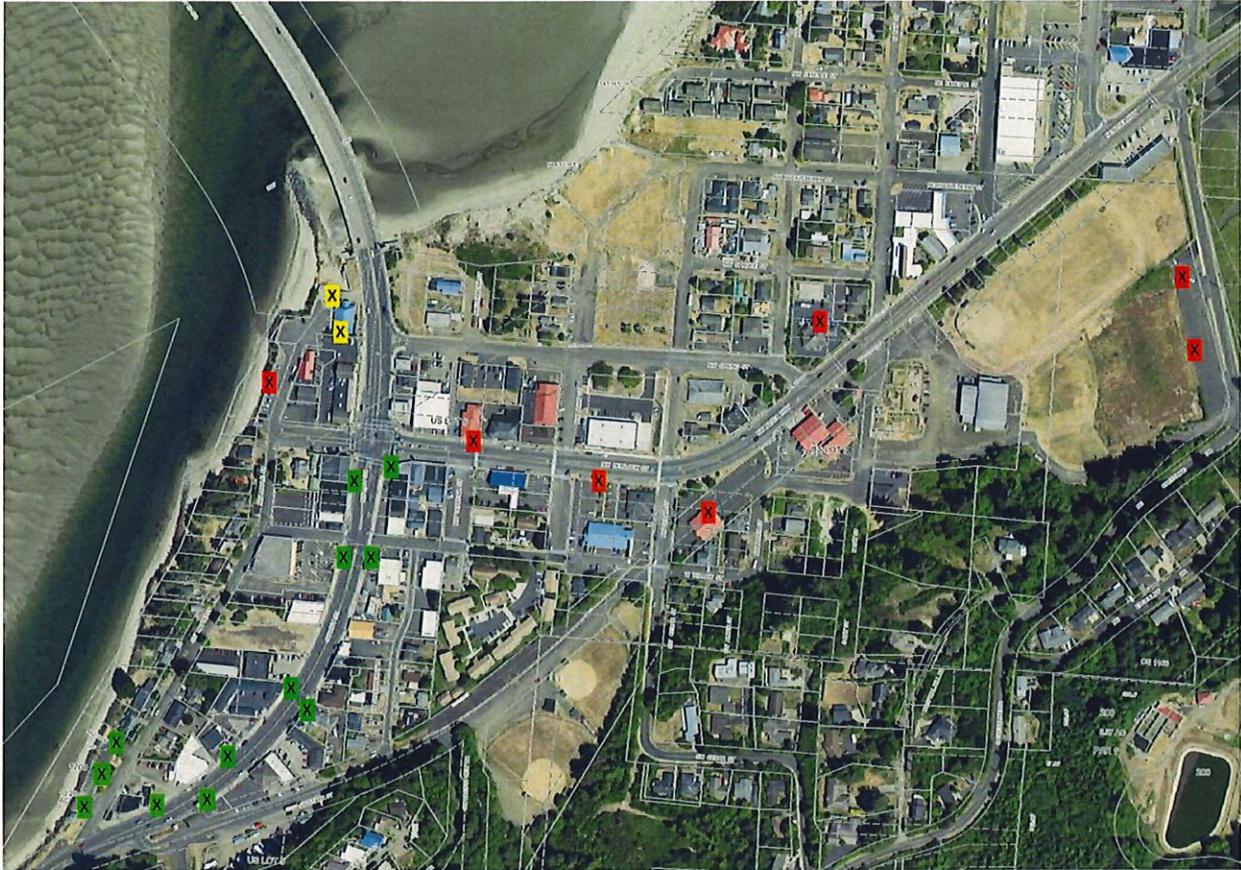

SUMMARY OF ISSUE:

At the prior Council meeting, Staff was directed to create a map where City owned trash receptacles were located and information on where cans might be desired based on citizen complaints and needs.

A map and brief outline of this is provided as requested.

STAFF RECOMMENDATION or ACTION REQUESTED:

Staff asks the Council to either approve the plan, or make modifications, and direct staff to implement the modified plan.

X = Rough Existing can Locations X = New can locations proposed X = Coming Soon

Currently we have 9 cans in the core off 101. And 3 at the Keady Wayside Park.

Each can runs about \$800, and has some incidental costs in installation. We are reaching out to Dahl to discuss can selection to move pickup to Dahl as it takes our staff a fair bit of time weekly (about \$3k in staff time/yr).

We need a can over by the beach entrance by the IC. We will inherit the cans at the IC. And we should have cans at the two primary bus stops by the library and the Post office. It would help to have one at the CC, and the Umpqua building. Finally, we will need to have cans at the new open space park (as well as at the skate park and Crestline park).

All of these don't need to happen this budget cycle, but I estimate we need 9 additional cans. Roughly \$8k after all is said and done. And figure budgeting \$500 in maintenance, and approximately .06 FTE in overall staff time to service them three times a week during peak.

City of Waldport Parks Committee Minutes of August 17, 2020, Meeting @ City Hall

Present: Alanna, Pattie, Jan, Diana, Sandy and Sue. **Absent:** Laura.
A quorum was present, so the meeting began at 10:05 a.m.

Minutes: Alanna moved, Jan seconded, and with a unanimous vote the minutes of July 14's meeting were accepted as written.

Treasurer's Report: Alanna sent out the financials on August 3. She noted that there had been no change except Miklics' donation of about \$40 of supplies for the planter box at Keady Wayside.

Keady Wayside Project:

- Alanna reported that we had a good, hard-working crew. Julie Eagleson, Greg Holland, and Dave Miklic joined committee members to weed, trim, remove a volunteer myrtle, pick up cigarette butts, and generally do deferred maintenance on the park area. Unfortunately, when removing the myrtle, the crew found broken glass and discarded needles, obviously a safety issue.
- Trash is often overflowing the receptacles, and the committee requested that they be emptied more times/week, at least during the months when many visitors are present.

Suggested Improvements to Keady Wayside:

- One or two cigarette receptacles. The one at city hall was cited.
- Alanna will approach Copeland Lumber to see what deal we can get for the automobile bumpers.
- The committee wants to do more weeding and cleaning of the north end to further eliminate fire danger. We planned another work day, Tuesday, September 8 from 9 – noon.
- Use industrial vinegar to eliminate weeds in the drainage area next to Maple Street. Those who have some, bring it on September 8.
- Reconsider use of mugs in the dirt strip around the pavilion. Jan suggested that dense planting there would encourage more sleeping and unwanted activities. After further discussion, we agreed to using less mugs with spacing and river rock between them so while enhancing the now bare space, vision would not be eliminated.

- Repairing the water spigot water system. (After speaking to CM Cutter, learned that it is not repairable and PW does not plan to make the spigot usable as Jimmy has a water source.)

Other Comments/Questions:

- Continuing with our decision to rotate project managers, Sandy, Alanna, and Jan will manage the planter cleaning and refurbishing project.
- When the Interpretive Center (IC) is the city's, Sue, Diana, and Laura will manage its cleanup and plantings.
- On Tuesday, September 15, we will meet at Keady Wayside at 10 a.m. with two agenda items: 1) walk the 101/34 planters to note what plants did well and will be saved for replanting, and 2) do a first assessment of the IC's landscaping project.
- Members expressed continued concern about those businesses who are not maintaining their own plantings and look to the city for action.

The meeting adjourned at 11:15.

Respectfully submitted,
Sue Woodruff

Meeting Minutes: Wednesday September 1, 2020

Lincoln County Waste Shed

Regional Solid Waste Advisory Committee

(R- SWAC)

Attendees: Judy Casper, David Allen, Betty Kamikawa, Sue Woodruff, Kenny Riley, Aimee Thompson, Robert Thompson, Chuck Lerwick, and guests Jon Schmidt with SOLVE and Jenny Demaris with Lincoln County Emergency Management

AOR – No takers to ride coattails of District’s membership (maybe next year).

Forest Enforcement Program Update

- Sheriff signing and sending contract with Association of Concerned Landowners to the Board
- Committee discussed having Officer Vaille coming quarterly to RSWAC meetings

SOLVE – (Guest Speaker) Jon Schmidt

- Brief background and 50-year history of SOLVE and beach clean ups.
- COVID19 has impacted ‘organized events’ - changed their beach/river clean up model.
 - No longer hosting the 2 major events (per year), but rather sponsoring more frequent and smaller cleanup efforts. For example, SOLVE hosted 30+ cleanup programs this summer. There is also a significant increase in DIY groups requesting a cleanup be organized within a 30-day window.
 - State Parks are not able to provide the logistical support during the pandemic and changes how SOLVE bags need to be disposed
 - Overall, the smaller events have seen less material removed from the beaches to this point.
 - SOLVE has launched an Adopt-A-Beach program and the committee requested a link to interactive map. See below: https://www.google.com/maps/d/edit?mid=1JVXa3qcTPuW_WcvfzzYiaCFNLYwg7Z5a&usp=sharing
 - Next River/Beach Campaign runs September 19th – October 4th. (again, many smaller events being coordinated)
 - Haulers and SOLVE brainstormed several ideas for collection disposal options. (The consensus was that a plan for a few vehicles loaded with SOLVE bags is preferable to multiple

vehicles coming and going from transfer stations with one or two bags.) **Haulers to meet separately and will get back to SOLVE directly with a plan for disposal options.**

Follow up - Jon emailed after the meeting to mention an idea not discussed at the meeting – potential of the hauler providing a dumpster at a dedicated location (dedicated just for SOLVE debris).

- SOLVE contact information.

HHW August Event – a little more follow up:

- The cost of this year's event was around \$30K. Two factors contributed to this: The State increased HHW rates by 20% and the event received a considerable load of materials such as flammable liquids (old gas) and herbicide/pesticides (more than in previous events).
- District to pursue an increased focus on HHW in our REDUCE campaigns ~ buying in HHS stuff bulk is not always the smartest Do I really want that HHW product sitting in my cupboard?... and Toxic Safari. More to come
- Working with Clean Harbors on a new contract with district. It will cover our annual HHW events; non-emergency roadside identification/collection of toxic materials, AND consideration of establishing routine route through Lincoln County – so that about every 3 months a truck is available for commercial collection in our area (it really is just a date on the calendar where jurisdictions, haulers, and businesses know a truck will be coming through town. This way they can request Clean Harbors to pick up truly hazardous materials from their business).
- Marine Flares (the kind that shoot up into the air) –
 - There is lots of misinformation about marine flare disposal
 - They are cheap to purchase \$5 each (sold in packs of 4) but prohibitively expensive to dispose of ~ \$45 per flare at collection event
 - There is an effort with DEQ, Fire, Port, and Coast Guard to address issue. More to come at future meetings.

Social Media

- It will be a month or two before District is able to pursue

Juno Project

- Chuck reported he is working with the Juno leadership to get more information. Nothing to report at this time.

Education and Outreach

- Excellent meeting with all three haulers related to outreach and education
 - Will be working closely with North Lincoln Sanitary on Compost/Organics materials for Spring 2021 launch of program (District to focus on several levels including home composting – why compost is important – as well as supporting hauler education of rollout. This rollout effort will affect all hauler areas - and may impact what people put into their “yard debris” rollcarts in all program areas.
 - School materials – Sub-group forming with Thompson’s Sanitary to prepare Fall 2021 materials
 - Shared new ideas
 - Proposal coming in future meetings
 - Commercial Organics Pilot Promotion – capitalizing on eco-tourism
 - Video project. Casey Miller as potential host for District wide videos. Support materials for haulers such as well as general waste reduction videos.
 - Interpretive/ standalone community displays
- County SW District Web Page has been updated with some very basic information. It is a work in progress.

Debris Management Plan – (Guest Speaker) Jenny Demaris

- Encouraged group to pursue “pre-contracts” for debris removal.
 - FEMA recognizes 3% more of the costs if there is a pre-contract in place
 - FEMA requires precontracts
- Committee discussed need to update debris sites and Jenny recommended gaining DEQ approval for the sites
- Jenny presented the County has a fuel plan with designation/prioritization of fuel for debris removal
- Committee discussed “lessons learned” from previous events outside our area which included plans for servicing tent cities
- Jenny invited involvement in Regional Debris Management plan (covering multiple Counties)
- Emergency Management Contact information

General

- Paul reported on attending the Lincoln City Sustainability Group meeting. Wonderful group with excellent ideas – such as Beach Bingo (folks take a bingo card marked with differing items of trash and once collected (and disposed) can have a chance for prizes.
- Next meeting is Tuesday October 6th at 10:00 am

Agenda: Lincoln County Waste Shed

Regional Solid Waste Advisory Committee

Attendees: Judy Casper, Lon French, Betty Kamikawa, Kenny Riley, Aimee Thompson, Robert Thompson, Sue Woodruff, and guests Deputy Nick Vaille from Forest Protection Program and Rick from City of Toledo's Water treatment program

Regularly Scheduled 1st Tuesday of each Month

***** August 2020 Meeting will be held on a Wednesday the 5th**

10:00 am – Noon

HHW August Event was a success.

- Between 75 – 100 participants attended the event – a steady stream of cars. 1 every 5 minutes. General feeling is that the event could easily support doubling the number of participants without negative consequences.
- Advertising this year was not the same as previous years, due to the pandemic. Future events will receive a touch more effort to increase participation.
- The largest quantity of materials: flammable/toxic liquids, paints, and aerosols; followed by lead acid batteries and toxic organic solids
- The event identified 2 items that Solid Waste District will follow up on:
 - Locations people can self-haul hazardous waste during remainder of the year (outside of County)
 - How to dispose of expired marine flares
- Summer 2021 HHW Event Lincoln City (set date at next meeting)
- 2 Side Notes
 - Almost all of the participants wore Covid19 face masks without being required or asked
 - Not HHW, but the County is going to use the same contractor to deal with collection unknown

hazardous material containers that may be abandoned along County roads.

- Paul summarized his Meet & Greet Tour
 - Thus far, he has met with Waldport, Toledo, Lincoln City, North Lincoln Sanitary, Dahls Disposal Service, and Thompson's Sanitary. Wonderful experience!
 - What he heard:
 - Strong desire for "Cooperative"/ working together/ coordinated programs
 - Desire for Green Swap/Clean Swap (social media plat forms such as "Next Door" or "Facebook")
 - Learned about Project Juno
 - Learned about organics program starting in spring (Lincoln City)
 - Strong desire to address the waste stream from tourism
 - Desire for the Solid Waste District to become well organized and cohesive
 - Learned about local interest in biosolids
 - Observed a strong interest in sustainable issues
 - Observed a strong interest in school education (noted my contact with School District and the Superintendent's desire to hold off while they wrestle with Covid19)

- Forest Patrol Program Update
 - Revised Forest Enforcement Agreement went out last week and already have half of the signatures back and finishing up on collecting unpaid FY 19-20 invoices.
 - Deputy Nick Vaille 11:00 call in. Deputy reported
 - Illegal dumping is actually seeing a slight downturn this year, but homelessness, and trespassing have all increased.
 - Committee requested deputy to provide a quick one line report with calls for service and cases generated each month related to Forest Enforcement program.

- Deputy provided numbers after the meeting and will provide by the 15th of each month for the next agenda. (Note: R-SWAC needs to decide how often we would to have Deputy Vaille attend in person – perhaps quarterly?)

Discussion

- Committee had first discussion on make a Top Ten List of Priorities. (not listed in any particular order here or ranked at this time):
 - Organics education
 - New materials/outreach for all programs
 - Review of materials/efforts across all programs
 - Paul to meet with Tina and Aimee (Dahl?) to discuss and report back
 - A more centralized and proactive role for the District – a prominent cooperative display of collaborative efforts. (however, it is noted: without diminishing or competing with the local role provided by haulers).
 - Sustainability outreach and education even in areas that might include energy
 - Local business sustainability outreach, education, and assistance
 - Develop social media opportunities (such as Facebook) to offer SWAC/Exchange services
 - Produce education/outreach or at least provide central resource guide for where to take 'stuff' – perhaps

expand Waste Wizard plug in/ and web-based find my hauler program by address.

- Disaster Preparedness

- Paul will be working on updating all pages on the Lincoln County Solid Waste District website. Changes will be reported/provided to R-SWAC and R-SWAC is welcome to suggest edits/ideas for things they would the District to post on their pages.
- SOLVE is changing their clean up model away from 2 large annual events to multiple smaller, but still organized events. R-SWAC would like to invite Jon Schmidt – the Program and Education Manager from Solve to the next meeting so haulers may work out some details with SOLVE to ensure the new program efforts run smoothly.

City Manager's Report

1. **Safe Routes to Schools**

The grant application has been submitted with the support of the school district and county. A quick analysis of scoring puts our score at 441 which is slightly higher than my original estimate of 425, providing the scoring agency agrees with our submissions. Last year, this score would have put us in the award area for consideration. I expect it will be very competitive, as in Region two, of the 107 total applications statewide it appears 41 were submitted. \$26 million total was allocated statewide, and easily \$100+ million was requested. (we requested \$1.6 million)

2. **Interpretive Center**

We have signed two formal documents requesting the transfer of the Interpretive Center. We should get official transfer of the Building roughly in the October timeframe. The building will remain closed until that time, and no efforts can be made in the interior until then. I would like direction on whether I should now meet with the Chamber and Museum Boards as previously discussed?

3. **Charter Franchise**

There was some question as to whether the Charter Franchise is still in existence. Communicated with Charter and will bring an update to you as we close out this issue. We are also planning a comprehensive review of all of our current franchises in the near future.

4. **Leak detection update**

We are looking into a couple different options here, which is why I don't have a more formal breakdown of the system, costs etc this month for you. I will bring it back as soon as we are ready to go with full numbers etc.

5. **Healthcare**

I got the PEBB 2021 rate numbers a bit late this month, so there was not time to fully prepare a healthcare analysis as previously requested. I will do so and will make it available for discussion at the next meeting, pending agenda timeliness. The costs are in line with estimates.

6. **Web Site overhaul**

Met with a couple vendors and I would like permission to pursue COVID funding for a rehab of our website geared towards better ability to conduct business remotely.

7. **Code Enforcement**

We sent warning letters to 16 of our current complaints this last month and will be following up in the next couple weeks with some 'before and after' reports. We are exploring software automation and a citizen engagement portal for this process.

8. **City Foundation program**

Meeting with City Attorney on the format of the program. Will update as this progresses.

9. Izaak Walton League Donation

Arranging a Zoom call to confirm documents and timeline.

10. Dump Station

The Waldport RV Dump station is closed temporarily, and perhaps permanently. It costs us far more in chemicals and treatment to account for the RV tank chemicals used (which damage our system) than we receive in revenue, even after the charge increase a while back. Combined with permit issues with DEQ, and with support of the Public Works Director, it just doesn't make sense for the City to operate this facility at this time given the alternatives available regionally.

11. Gravel Epic

The Gravel Epic took place on the last weekend of August. It was very well attended and managed very well in response to the social distancing requirements. Have gotten some very positive comments back from riders. Look forward to seeing them again next year!

12. Food Cart Pod

Some interest in a food cart pod... very preliminary. I am working with the planner on what that might look like at the end of the Community Center/Hemlock street area. Might be a small revenue source for the CC, which is definitely needed. Should we continue to explore?

13. Planters

We will be moving a planter from down by Flounder to the Museum Parking area. We have interest by a couple groups to do some work on the planters and there is concern over the longevity of the applications, so we are using this planter as an 'example', to see how it holds up. This will allow us to make informed decisions before modifying the very expensive planters.

14. Wave

Wave has started construction in the Ridgewood Acres subdivision off Crestline, and will be looking for a 'first customer' to do some video promotion, and process documentation.

15. FEMA COVID proposal

I will (or will have by this point) submit a FEMA proposal for funding for a number of projects related to our COVID response expenses. These are different than the CARES funding. I will keep you updated on the progress of this as it works through the system.

16. CARES expenses

I will be providing an accounting of the CARES funds expenditures shortly to you, as they get approved by the state. Waldport was allocated \$62k, and we have spent roughly that after all is said and done.

17. Limitations in Council Chambers

We are limiting the attendance in the Council chamber to 15 TOTAL people. Many cities are still holding virtual meetings, and while we are still meeting in person, especially once we have more councilors, we do need to think of safety as we are in the room for a long period of exposure.

MEMORANDUM

DATE: September 3, 2020
TO: Waldport City Council
FROM: Doug Honse, Sheriff's Deputy - Patrol
RE: **WALDPOR NEWS BRIEF – August 2020**

SHERIFF OFFICE NEWS

K9 Bonni is retiring this month and will remain at home with her current handler, Deputy Akin. She will keep busy apprehending toys, taking walks for pleasure, and assisting from the couch. K9 Nix is still on active duty with Deputy Derick Smith.

Two weekends ago, there was a string of vehicle break-ins on Crestline and Range. We have fuzzy video surveillance of the suspect, but he has not yet been identified. Mr. Cutter has this footage if you would like to review or share it with your networks. We appreciate any help in identifying the suspect. He may be a juvenile.

We have a new deputy, James Holmes, who is managing enforcement regarding vacation and short term rentals in Lincoln County. He can often be found working out of the Waldport Office. He joins Deputy Jesse Hess, who is our code enforcement officer.

I would like to highlight a gentleman I met, while I was checking on clambers, on an early morning low tide. Byron said he takes his daily walks around Waldport, and always brings a trash bag with him, to collect trash while he gets his exercise. He said his collection tool is even able to collect cigarette butts and straws, to keep them out of our waterways. Thanks Byron!

CALLS FOR SERVICE

During the month of August, the City of Waldport represented **30%** of all Sheriff's Office activity in South Lincoln County (South County including South Beach, Seal Rock, Waldport, Yachats, Tidewater, and everything in between). Sheriff's Deputies responded to or initiated **191** calls for service in the City of Waldport, which resulted in three **(3)** people being taken into physical custody and four **(4)** people receiving criminal citations and being released.

The arrests above resulted from investigations including; Assault IV, Harassment, Reckless Burning, Mental Hold by Police Officer, Disorderly Conduct II, Felon in Possession Restricted Weapon, Criminal Trespass II, and an FTA Warrant

TRAFFIC ENFORCEMENT

With Lincoln County still in Phase I of re-opening, deputies are still only making priority traffic stops and contacts, however, traffic stop numbers are rising compared to past months of the pandemic, probably associated with summer tourism and more vehicles on the road.

In the City of Waldport, there were twenty-eight **(28)** traffic stops in August, resulting in ten **(10)** citations and eighteen **(18)** warnings.

The City of Waldport had **47%** of all traffic stops for South County.

Have a great September.

MEMORANDUM

DATE: September 4, 2020
 TO: City of Waldport, OR

FROM: Holly G Hamilton
 OCWCOG - Contract Planner for Waldport, OR

RE: Planner's Report for August 2020

Overview

The new planner, Holly Hamilton started August 3rd. Justin Pederson overlapped on-site services for two weeks and has begun scaling back his presence in Waldport, functioning primarily as a remote resource for questions, and long-term planning projects.

Building Permits and Process

Since the start of August, the City of Waldport has received/processed four (4) building permits.

A Flood Plain Development Permit was returned by Lincoln County with a request for Valuation which would accurately reflect the scope of work contracted, and potentially trigger a requirement for construction above Base Flood Elevations. Documentation was updated and resubmitted within the triggering criteria.

Administrative Change - for future Flood Plain development in the City of Waldport, Planning will coordinate with Lincoln County, complete an on-site pre-approval inspection, and request that accurate drawings, reflective of the scope of work, accompany the Permit Request.
